# Building on EU support to European islands from 2017

# What are the secretariat's objectives?

Reach over half of the EU's island communities by showcasing island decarbonisation plans actions focussing on replicable and scalable projects

Engage at least 100 islands to sign the CE4EUI pledge

Provide dedicated technical assistance to 40 island communities

Address policy and regulatory barriers to energy transition on islands

through a comprehensive legal study

Develop a pipeline of bankable clean energy projects on islands

# Our approach to support all EU islands

Explore

Islands just starting their energy transition.

Shape

Islands shaping concrete action plans and projects

Act

Islands ready to implement their energy projects

# The strategic regional partners allow coordinating the work on the ground

## Advisory board

## CE4EUI secretariat

Capacity building  
Network and communications  
Legal and regulatory analysis

## Regional partners

Universitat Illes Balears (Spain)  
Island Movement (Croatia)  
Politecnico di Torino (Italy)  
CRES (Greece)  
INESC TEC (Portugal)  
Samsø Energy Academy (Denmark)

Request needs

Technical support

Island transition teams

Regional coordination

## The secretariat's activities in Phase II

---

- Network and communications
- Legal and regulatory study
- Capacity building for islands

# Thank you!
